

EuroRAP Programme Activities in Croatia

iRAP Road Assessment Programme

iRAP in Croatia - Timeline

2022

- iRAP Star rating of eastern Slavonia Region state roads
 - Star Rating of selected tourist cycling routes.
- Star Rating of Designs (Under RSA) of Pelješac bridge

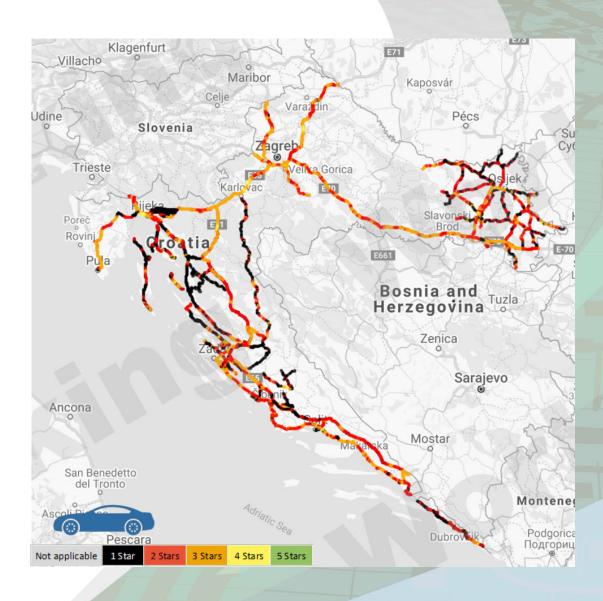

- 2023
- Continuing to Star Rate state roads in Croatian Counties
- Star Rating of designs focusing on road safety barrier systems on A1, A6, A7 motorways
- CEF funding for implementation of road improvements based on assessment from SLAIN project
- Star Rating assessment of most dangerous regional class roads

Star Rating projects in Croatia

Most of the SR reports funded by Croatian Auto Club, funded by the National Road Safety Programme (Ministry of the Interior), other Road Authorities in Croatia, or international funds (from FIA, etc.)

Alternatively, assessments are developed under respective EU funded projects.

Over 8000 km of roads in Croatia assessed to this day
